

Early Bird Says...

Let's Look Around. What do birds eat?

Birds eat many different things.

seeds and berries

insects and worms

sweet flower nectar

Which bird foods look tasty to you?

Which ones don't?

How is a bird's diet different from yours?

Try This at Home

Let's build a simple bird feeder together.

- 1 Spread peanut butter over a pine cone.
- 2 Roll it in birdseed.
- 3 Hang it outside.
- 4 Watch who comes to snack!

What kinds of birds stop by?
Are they big or small?
How do they eat—quick pecks or slow bites?
